We are excited that you want to take your skills to a higher level with us! These courses will teach you the fundamentals and skills you need to perform these professional services. You will be certified and given a starter kit. We create premium kits that get you set up for immediate success. We do not put crap into your kits, we care about your success!

Once you send back the registration and deposit (*non-refundable*) we will guarantee your spot and send you a syllabus for the day. We have a maximum of 6 students so that we can give you our total attention and guidance. We require that you arrange for your own model and we will be sending you a syllabus approximately 3 days prior to your class.

*We reserve the right to reschedule a class if we have less than 3 students. We will give you advance notice and place you on in the next class. Thank you for your understanding!
